

How to Add a Picture to Your Moodle Course Page

1. Log in to Moodle, navigate to your course page, and Turn Editing On.
2. Click on the Add a Resource drop down box and select Insert a Label.

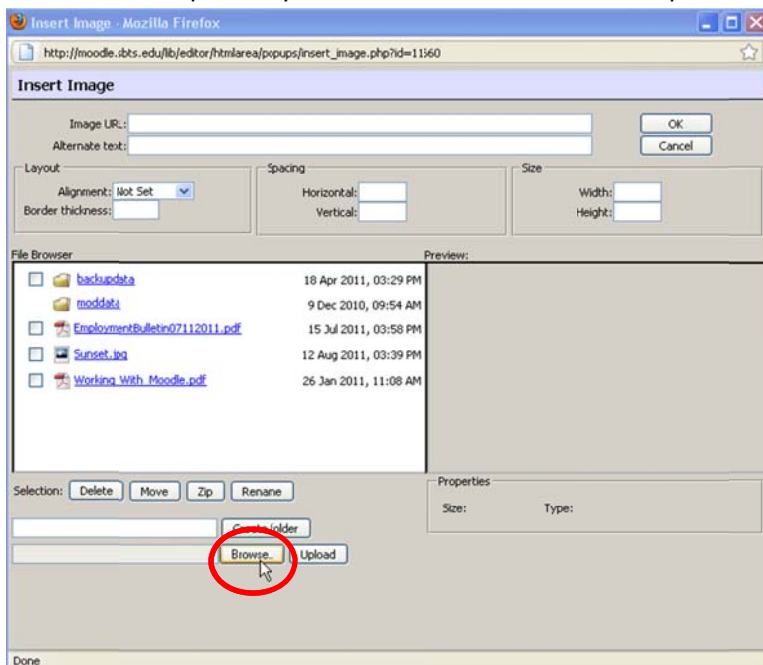

3. Click the Insert Image icon.

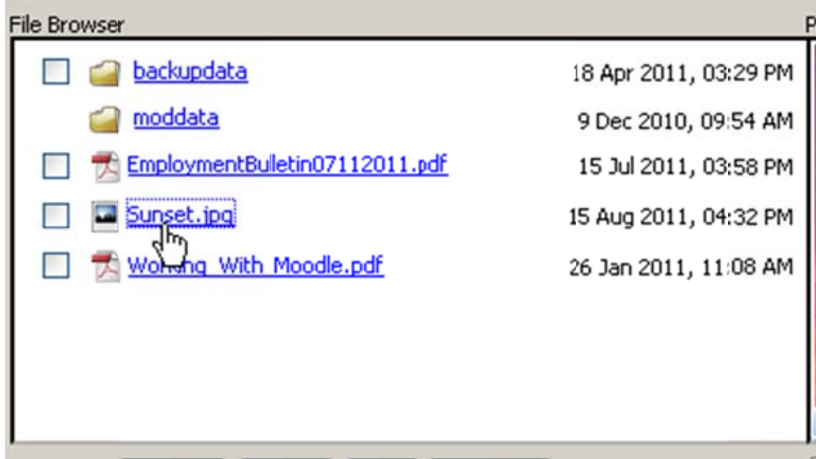

Adding a new Label

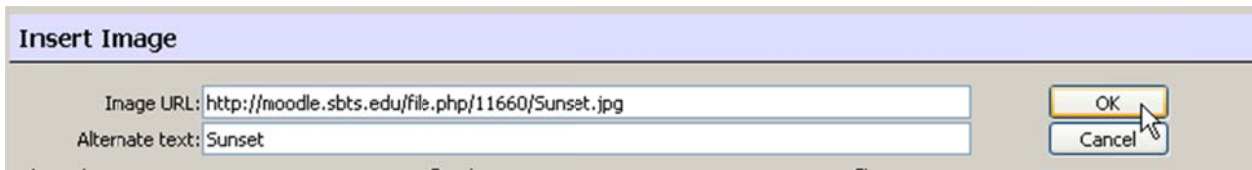

4. Browse for the picture you would like to use and then upload.

- Click on the name of the picture file you want to insert on to your page.

- The link to the image should appear in the Image URL box. Add a description in the Alternate Text box that will appear when a student rolls his mouse over the picture. Click OK.

- Click Save and Return to Course on the Label page.
- The image will appear on your course page.
